

FIRE

Third time winner of Shield Award for Fire & Safety products !

During Secutech 2017 exhibition, “Vighnaharta” won the SECONA Shield Award for “FireTweet” in Innovative Product of the Year – Fire & Safety category. For three consecutive years, we have won the prestigious Shield Award for our Fire safety products.

‘FireTweet’ is a cloud based

IOT solution to monitor health of Fire Protection assets like Sprinklers, Hydrants, Fire Alarms, Fire Suppression Systems, Fire Extinguishers etc. Our command centre at Pune monitors these assets 24x7, 365 days. We bring together, End User, AMC Service Provider and City Fire Departments.

Matrix awarded the prestigious India SME 100 Award!

It gives us great pleasure to inform that Matrix is declared as one of India’s top 100 SMEs. Matrix underwent the stringent evaluation criteria laid down by the India SME Forum Jury Board and the winners were chosen from 41,832 companies nominated based on their financial and non-financial parameters.

On winning this prestigious award, Ganesh Jivani, CEO of Matrix said “Matrix is focused on designing, manufacturing and marketing cutting-edge security and telecom solutions for modern organizations. We export these products to more than 50 countries – most of them to technologically advanced countries. R&D is one of the core drivers of Matrix business.

With 250+ R&D engineers on our roll, Matrix invests heavily in R&D. This award is validation of the Matrix’s innovation capabilities. I thank all our customers and channel partners for their trust in Matrix and congratulate entire Matrix team for this achievement. We thank The India SME Forum for recognizing Matrix. Such recognition would encourage us to work harder towards building world-class, cutting-edge technologies and products.”

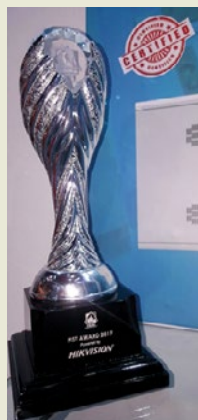

FIRE

Vighnaharta won FIST award for Security Products Innovation

Vighnaharta won FIST award for Security Products Innovation during the exhibition FSIE 2017. It was very proud moment for us. The function was held on 23rd Feb 2017 at greater Noida Exhibition Center. Fire & Safety Association of India constituted the Awards.

Vighnaharta is “Make In India” company & trusted brand which has been in safety and security domain for the past 20 years. Our products are designed by our own R & D, which is recognized by Department of Scientific & Industrial Research of Government of India.

Vighnaharta has supplied over 50,000 safety & security systems to shops, bungalows, banks, ATMs, warehouses, senior citizen complexes, townships and

wind turbines. Innovation is integration of intelligent sensors, video & audio information, and monitoring from the central command. We meet various customers and think about the customer’s pain area. Then we designed e- surveillance solution which gives alert before theft attempt happens. This will save their cost and hence will be protected 24x7. We have designed intrusion panel and sensors which can be easily installed at the site without . Our R and D team design and developed software logic which can address customer needs.

Specially design central monitoring software, which can able to control intrusion panels operation remotely as well as password change facility.
