

Matrix Comsec extends more flexibility to Hoteliers to use their preferred PMS through Telesoft Middleware

Matrix Comsec enhanced its presence with the integration of Telesoft middleware with its range of hospitality IP-PBXs. With this integration, Matrix backs its commitment to hoteliers offering the flexibility to use preferred customized hotel PMS through Telesoft middleware software with Matrix IP-PBXs.

Matrix Hospitality Solution

Matrix ETERNITY is a feature rich IP-PBX designed to meet the diverse communication needs of hospitality industry. It incorporates specialized hospitality module, third-party PMS and CAS support and many other utilitarian and productivity enhancing features along with support for PSTN, GSM/3G, ISDN and IP networks. The IP-PBX contributes in routine functioning of the hotel with the increased staff mobility and productivity.

Telesoft – The Valued Integration Partner

“Matrix IP-PBXs are acclaimed by Indian and overseas Hotel customers. The easy integration with third-party PMS and CAS offers Matrix a competitive edge and Matrix continuously works towards integrating the hotel system with all major PMS vendors globally.” said Ruchir Talati, Product Manager – Enterprise Division for Matrix.

Telesoft is a known middleware which allows integration of the PBX with major PMS. This integration with Telesoft will increase the scope of hoteliers to buy a reliable, feature rich and value for money comprehensive hotel telephony system - Matrix IP-PBX and protecting their investment on PMS software.
