

Matrix to Spotlight Office-in-a-Box – Voice & Data Convergence Solution at INTEROP 2013, Mumbai

Matrix is India based leading manufacturer of Business Phone Systems and VoIP-GSM Gateways. Matrix will demonstrate its revolutionary solution Office-in-a-Box at INTEROP 2013, Stall No. C-13.

NAVAN CNX200 – Office-in-a-Box Solution is ideal for any small office, start-up business or a branch office which offers all voice, data, internet, wireless, mobility and messaging from single box. It delivers IP telephony, high-speed internet, wired and wireless data access, Android/iOS mobility and virtual private networking from a compact and converged platform.

It integrates the functionalities of IP-PBX, Data router, Wi-Fi, VPN device and GSM gateway. Therefore users don't need to buy racks of equipment and avoid multiple vendor lock-in. It is a future-proof investment which saves on maintenance/repair costs and hiring expensive IT staff to support multiple devices.

Optimized for service provider business, NAVAN CNX200 offers bundling of managed communication services and high-speed internet over 3G/HSPA and leased lines. NAVAN CNX200 offers IP telephony, SIP trunking, Fixed line replacement, VPN and 3G/4G WAN interfaces for stand-alone and branch office solutions. This in-turn helps service providers to reduce operational costs, increase ARPU and leverage communication infrastructure and services.

“During INTEROP expo the major highlight from Matrix will be its Office-in-a-Box Solution. We will also showcase our comprehensive range of VoIP gateways, Android/iPhone softphone and Business phone systems.” said Dhaval Bhagora, Product Manager, Matrix Telecom Solutions.

“INTEROP is a major technology event in India, bringing IT professionals, System Integrators and Business prospects under common platform. We are looking forward to meeting key service providers and system integrators to explain our business solution.” added Dhaval Bhagora.

Visit Matrix at Stall No. C-13, INTEROP, Bombay Convention & Exhibition Centre, Mumbai during November 20-22, 2013.
