

ADANI ENTERPRISES TRUSTED MATRIX ACCESS CONTROL AND TIME-ATTENDANCE SOLUTIONS FOR THEIR MULTI LOCATED PORTS AND BUSINESS UNITS

COMPANY PROFILE

Adani Group is an Indian multinational conglomerate company headquartered in Ahmedabad, Gujarat, India. Its diversified businesses include resources, logistics, agri-business and energy sectors. The group is the largest port developer and operator in India with Mundra being the country's largest commercial port. It owns Fortune, India's largest edible oil brand through a joint venture with Willmar in Singapore. Having multiple ports, branches, manufacturing Units and corporate offices at various locations Adani Group is one of the largest business unit.

BUSINESS CHALLENGE

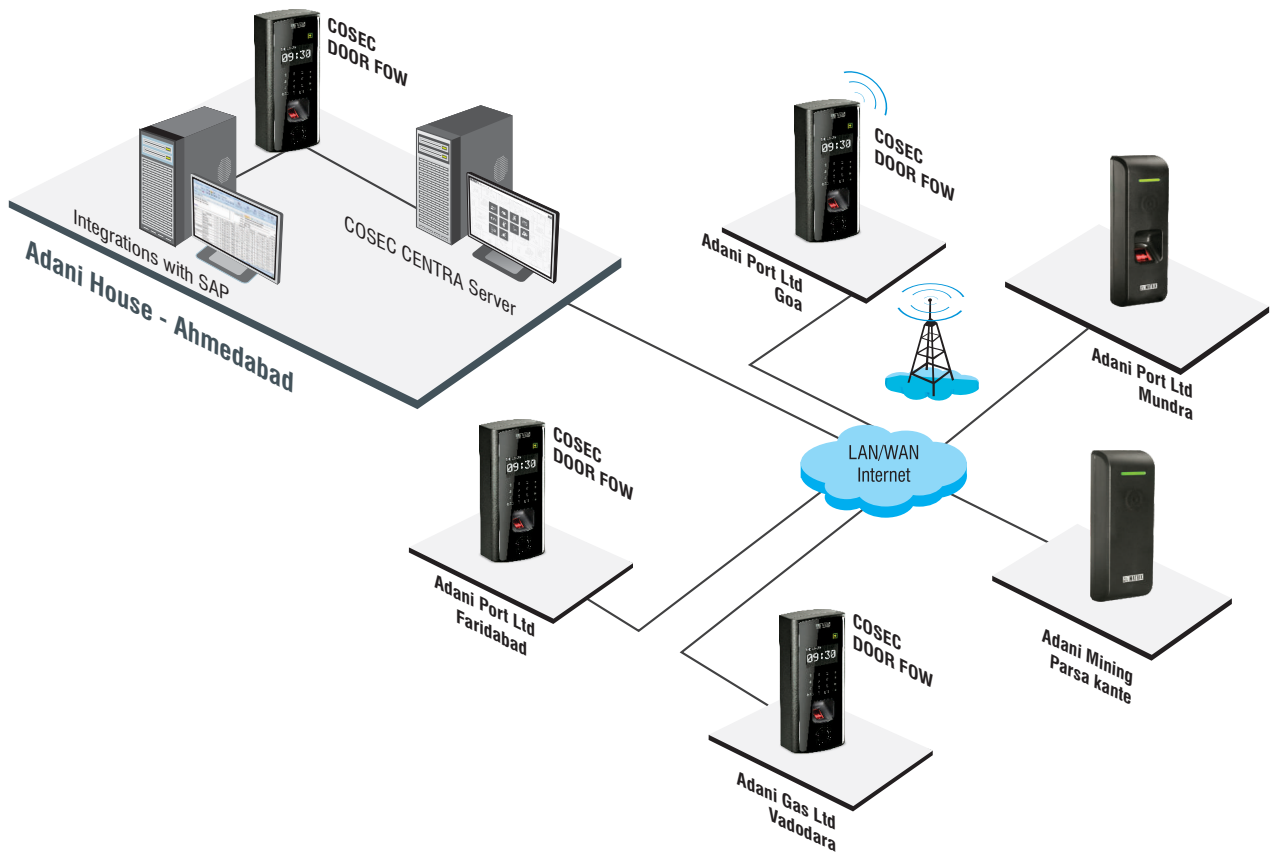

Adani Group is having multiple business units and ports at various locations. Managing employee's attendance and timing from a central place is critical for them. Due to diversified business they are having different time-attendance policies at all different locations. It is very challenging to capture time-attendance rules of an organization and automate them because of diversity in attendance, timing and leave policies with respect to various locations, departments and person. With automatic time-attendance solution they want to control access at their premises for safety and security concern. For certain exceptional situations they need immediate notifications via SMS. As remote sites are there, they want different connectivity options for devices. Also, integration with 3rd party software SAP is required which is one of the challenge. By automatic system they want to make manual intervention almost nil at every point to reduce errors and frauds.

SOLUTION OFFERED BY MATRIX

Matrix offered COSEC Time-Attendance and Access Control solutions for their 25+ business units and 12,000+ employees spread across the India and Indonesia.
