

## Everest Metal Industries LLC Enhanced the Productivity of the Employees with Matrix Solutions

### Case Study

#### COMPANY PROFILE:

EMI is a leading manufacturer of Cable Management System, dedicated to providing high quality, economical solutions to any cable containment needs. They offer a full range of cable management system with standard products and cater customised project requirements as well.

- **Industry:** Manufacturing
- **Customer Name:** Everest Metal Industries LLC
- **Users:** 1,000
- **Devices:** 15+ Door Controllers
- **Location:** 1 Location in Dubai

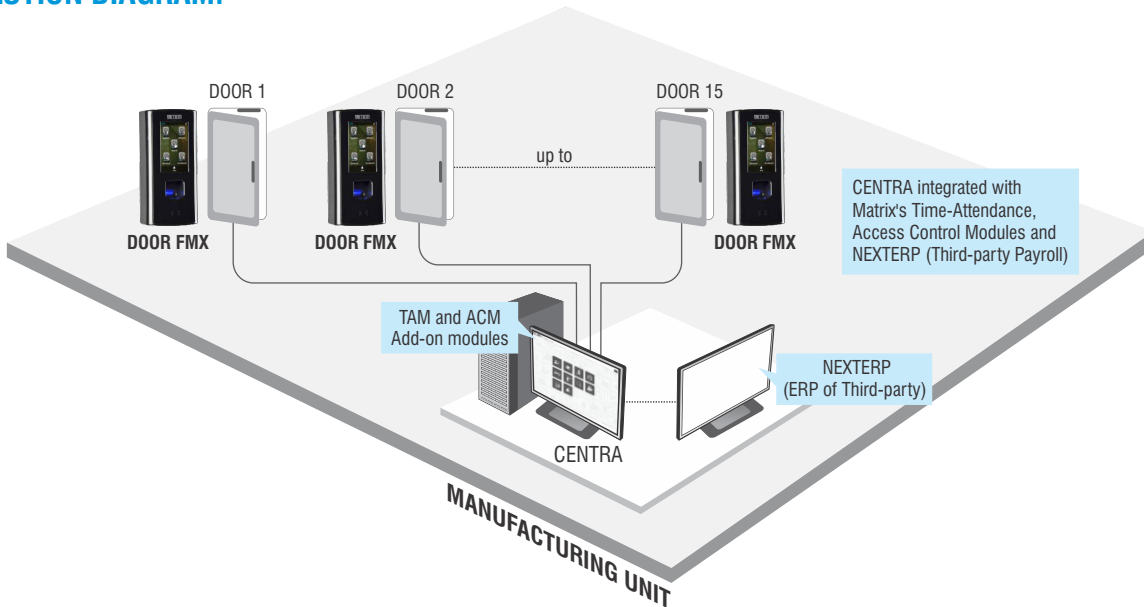

#### CHALLENGES:

- Blue-collar Staff faced Issue with Fingerprint Punch Marking because of Dust on the Layer of Skin
- Error in Punch Marking, leading to Tedious Manual Attendance Correction
- A Dedicated Resource to Manage the Manual Correction of the Attendance Data
- Low Productivity and Delay in Payroll Process

#### SOLUTION:

To address the issue of fingerprint punch marking caused due to the dust on the first layer of skin, Matrix provided multispectral sensor equipped door controller, which reads the surface as well as the subsurface of the finger. With Matrix door controller Everest Metal Industries LLC solved the biggest issue of error in punch marking of blue-collar staff. Additionally, seamless integration of Matrix Time-Attendance solution with customer's ERP system, NEXTERP, led to easy management of records of overtime, shifts and schedules.

## SOLUTION DIAGRAM:
