SOHO and SMB - ETERNITY PENX

- Universal Communication Platform
- Flexible and Scalable
- IP-PBX with Universal Connectivity and Mobile Extensions

ETERNITY PENX

- With built-in features like:

5 IP Users*, 4 VoIP & 4 VOCODER Channels & Ethernet

- Hospitality Features Suit and Ready Integration with renown PMS
- Ideal Hotels, Hospitals, Small Businesses and Call Centres

SOHO - ETERNITY NENX

- Fixed Configuration for Analog Users: 3/12 and 4/16
- Add-on Modules for VOIP and GSM SIM (Max. 2)
- VoIP Calling over UMTS (3G)
- Enterprise-Grade Features
- Integrated Auto-Attendant
- Optional Voice Mail System
- Web-based Remote Management
- Compact Footprint in Aesthetically designed Plastic Enclosure

Product Configurations	Max. Extensions	Max. IP Users
ETERNITY NE312	12	16
ETERNITY NE416	16	16

SOHO - ETERNITY NENXIP50

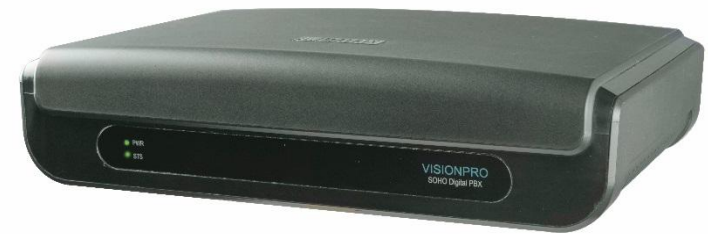

- This variant comes with advanced in-built features like:
 - 4 CO and 2 TDM Ports
 - 50 SIP Extensions
 - 50 SIP IP Subscribers
 - 50 VARTA Users
 - 8 SIP Trunks
 - 4 Channel of Voice mail
- Built-in Licenses
 - SARVAM VMS SOHO
 - SARVAM CTI SOHO
 - SARVAM SMS GATEWAY
 - SARVAM SMS SERVER

PRODUCTS - SOHO - VISIONPRO

- Off-Site Mobility with DISA
- CLI, Auto-Attendant, PFT, Conference
- Ideal for start-up offices, home offices, restaurants and clinics (For Indian Market)

PRASAR UCS

KEY BENEFITS OF PRASAR UCS

Accelerate Organizational Growth with Benefits of IP

-Pure IP Solution (Quality of Service & Cost)

Scale as Per Communication Needs - Single Box Solution

-From 100 to 2100 IP Users

VOIP/VMS Functionality on Single Module

-Low Deployment Cost

KEY BENEFITS OF PRASAR UCS

Boost Productivity with Team Collaboration

-64 Party Conference

550 Concurrent Calls

-Increase Productivity

99 SIP Trunks

-Future Ready (PRI to SIP PRI)

FEATURE SET

**Scalable Upto
2100 UC Users**

**Upto 550

ONE SOLUTION – MANY OPPORTUNITIES SIMPLE-AGILE-ROBUST

ENTERPRISES

Connect, Communicate and Collaborate

- Flexible Scalability
- One Number Reach
- Video Calling
- Easy Multi-Party Conference Setup

BANKING

Creating More Business Opportunities

- Establish Anytime Connectivity with Valued Customers
- No Communication Delay with Control over Operational Costs
- Increase Banker/Trader Productivity and Responsiveness

MANUFACTURING

Simplifying the Communication Complexities

- Flexible Scalability for Continual Growth
- Seamless Integration of Multiple Locations
- Uniform Customer Service Regardless of the Location

RETAIL CHAINS

Simplify Multiple Location Communication

- Seamless Integration of Multiple Locations
- One-touch Connectivity to Retail Outlets
- Easy Manageability
- Control over Operational Costs

HEALTHCARE

Revitalize Patient Care Capabilities

- Extend Mobility to Service Staff
- Improve Patient Care by Reducing Communication Delays
- Streamline Communication and Control Telephony Costs

HOSPITALITY

Advance Communication Solutions for Modern Hotels-Motels

- All-in-One Hotel Communication Solution
- Automate Hotel Routine Activities
- Boost Staff Productivity
- Enrich Guest Experience

HOSPITALITY SOLUTION OFFERINGS

Hospitality Phone Systems

To effectively manage daily call activities

Built-in Front Desk Management Software

To effectively manage operator operations without additional software

Hotel Phones

To offer memorable experience and convenience to guests and operator

DIRECT PMS INTEGRATION - GLOBAL

Global PMS Integration

- ✓ Micros Opera - Fidelio
- ✓ Protel
- ✓ Auto Clerk
- ✓ Char
- ✓ Amadeus
- ✓ RMS

Used by global and national hotel chains and Groups such as

- ✓ TATA Hotels
- ✓ ITC Hotels
- ✓ The Leela Palace
- ✓ Mantra Group
- ✓ Hilton
- ✓ Hyatt
- ✓ Fairmont
- ✓ Carlson

DIRECT PMS INTEGRATION - INDIA

Domestic PMS Integration

- ✓ IDS
- ✓ eZee Technosys
- ✓ Winsar InfoSoft – WINHMS
- ✓ Acumen Software – HOTSOF
- ✓ Power Brain – POWER HMS
- ✓ RSI

Used by many domestic hotels with size up to 100 rooms

- ✓ Mayfair Hotels and Resorts
- ✓ Royal Orchid Hotels
- ✓ Lords Hotels and Resorts
- ✓ Ramada Worldwide
- ✓ Sarovar Hotels and Resorts
- ✓ Le Meridian Hotels and Resorts

Success Stories

OETC, Oman – Multi-location Connectivity

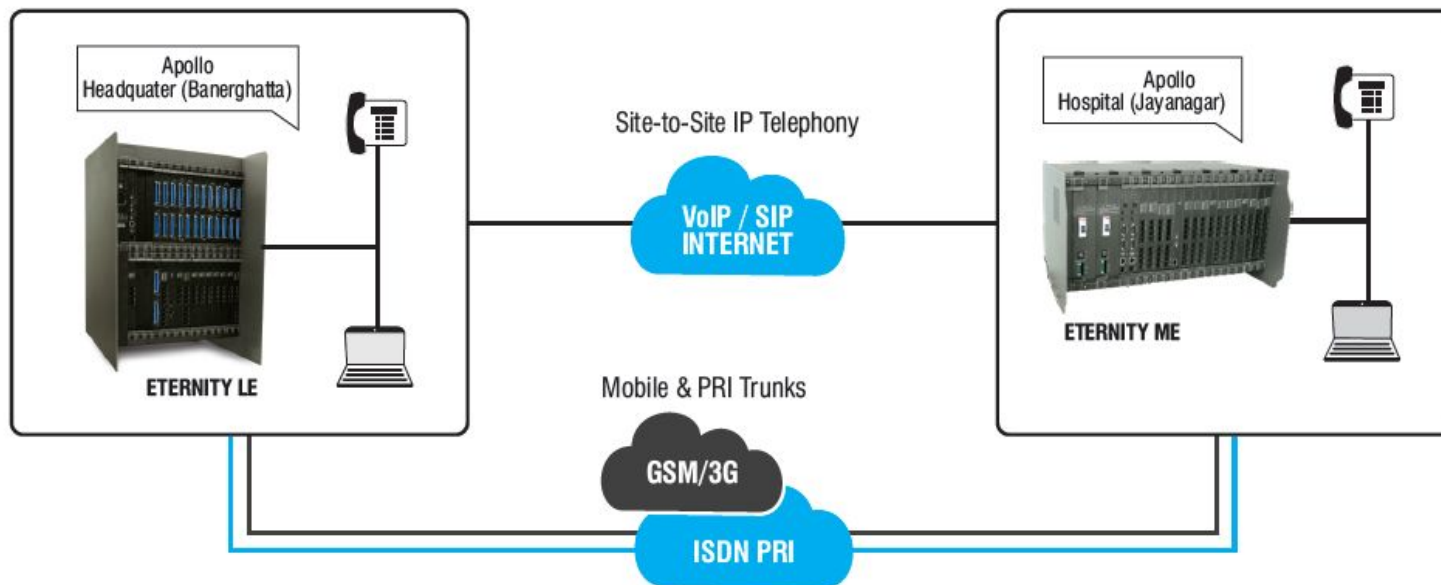

INDUSTRY	ELECTRICITY GRID
CUSTOMER	Oman
CHALLENGES	<ul style="list-style-type: none">• E&M Network as Legacy connectivity• Migration over VoIP• Backup Connectivity solution in downtime• Dispersed location over 70+ Sub-Station connectivity
SOLUTION	Matrix ETERNITY ME and SETU VFXTH– Multisite Connectivity <ul style="list-style-type: none">• Migration over IP• Hotline support between Head Station and other Sub-stations• CO/GSM Connectivity as trunking option along with VoIP
BENEFITS	<ul style="list-style-type: none">• Migration over IP with Branch Station connectivity over Peer-to-Peer• Reduced Telephony Cost
PARTNER	Khimji Ramdas

Appolo Hospitals

INDUSTRY	HEALTHCARE
CUSTOMER	Apollo Hospitals, Bengaluru
CHALLENGES	<ul style="list-style-type: none">• Establish seamless connectivity between its two branch locations• Right Technology Mix to meet current and future needs• Reduce communication cost
SOLUTION	<ul style="list-style-type: none">• Matrix ETERNITY LE – The Diversified Communication System for Enterprises• ETERNITY LE- The IP enabled Phone Systems up to 1500 users at Headquarters• Branch connectivity over IP• PRI, GSM and VoIP for outbound calls• Matrix Digital phones
BENEFITS	<ul style="list-style-type: none">• 45% reduction in the Telecom cost• Reduced interbranch communication cost with IP and GSM connectivity• Mobility with Softphone providing Direct Extension Dialing• Improved staff productivity• Access to New Generation IP Telephony
PARTNER	Hertz Solutions

Application Scenario

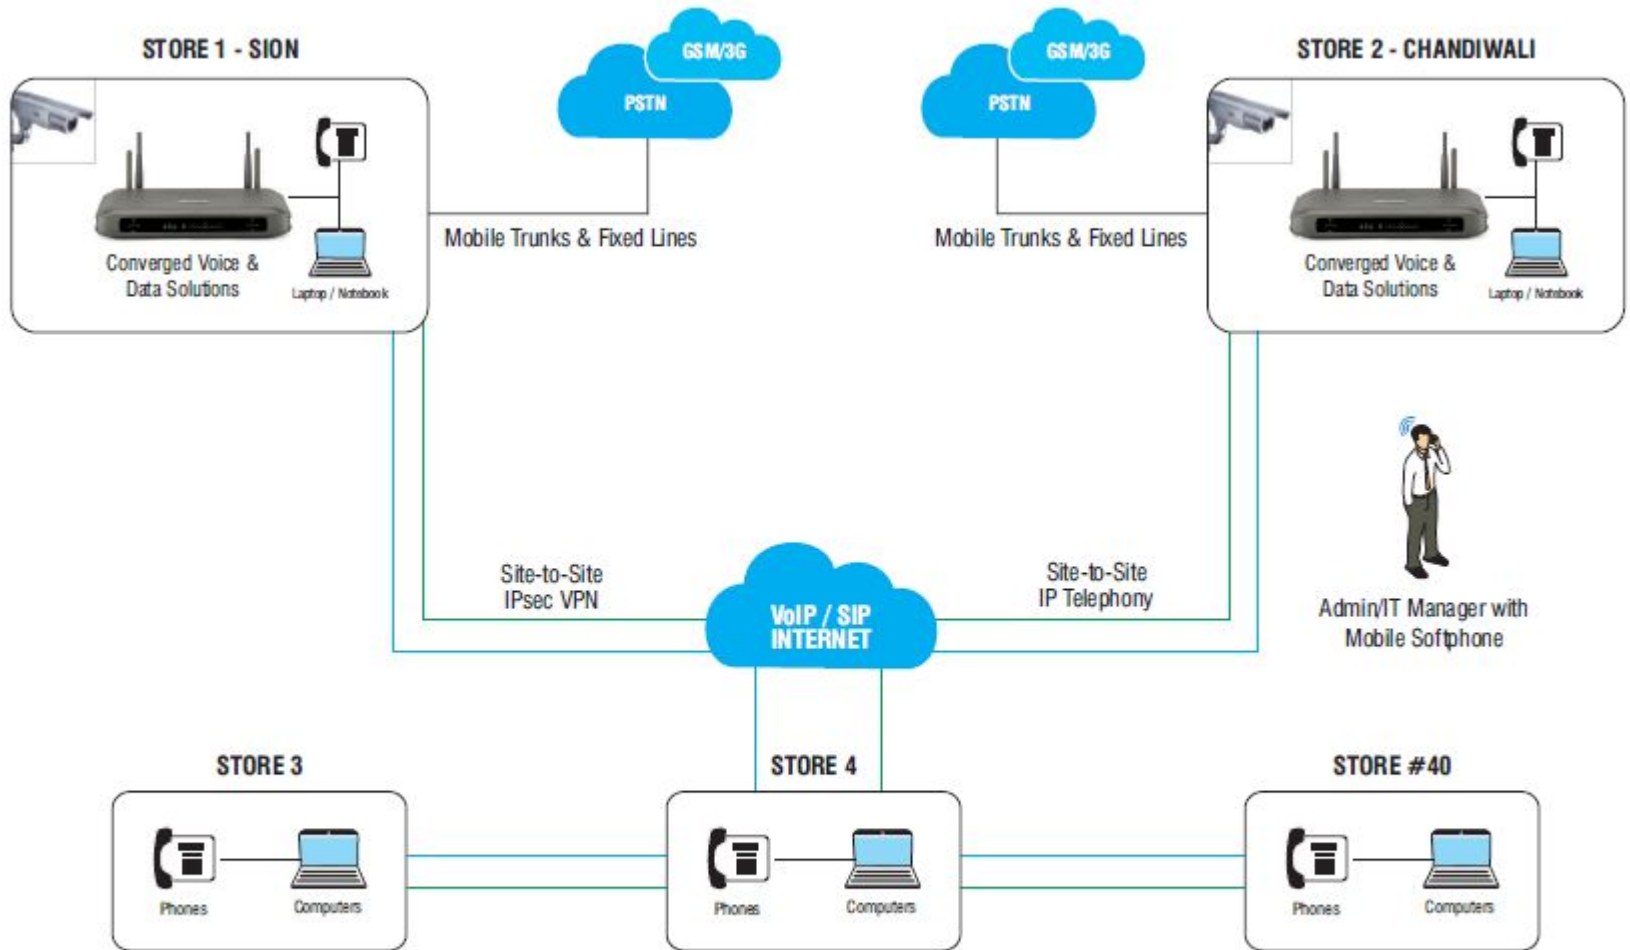

Apollo Hospitals at Banerghatta and Jayanagar in Bangalore

Wellness Forever – Retail

INDUSTRY	RETAIL PHARMACY
CUSTOMER	Wellness Forever, Mumbai & Pune
CHALLENGES	<ul style="list-style-type: none">• Connecting 45+ stores spread across Mumbai and Pune• Huge telecom overhead of branch-to-branch calling• Lack of collaboration and information sharing between stores• Ensure safety with remote access of surveillance systems
SOLUTION	Matrix NAVAN CNX200 - Converged Voice and Data Solution <ul style="list-style-type: none">• All-in-One IP-PBX, data routing, wireless, VPN and security features• Branch-to-branch intercom over IP telephony• Remote access of IP surveillance systems at central office• Mobility for staff with built-in Wi-Fi and Mobile Softphone application
BENEFITS	<ul style="list-style-type: none">• IP Telephony eliminated the need of PSTN Lines previously used for Inter-Branch Calling• GSM and PSTN Trunks for Least Cost Mobile and Landline and Calls• Site-to-Site IPsec VPN enabled Secure Data Exchange over Internet• Enabled Executives & Admin for Anywhere connect using SPARSH M2S
PARTNER	Digitech Solutions

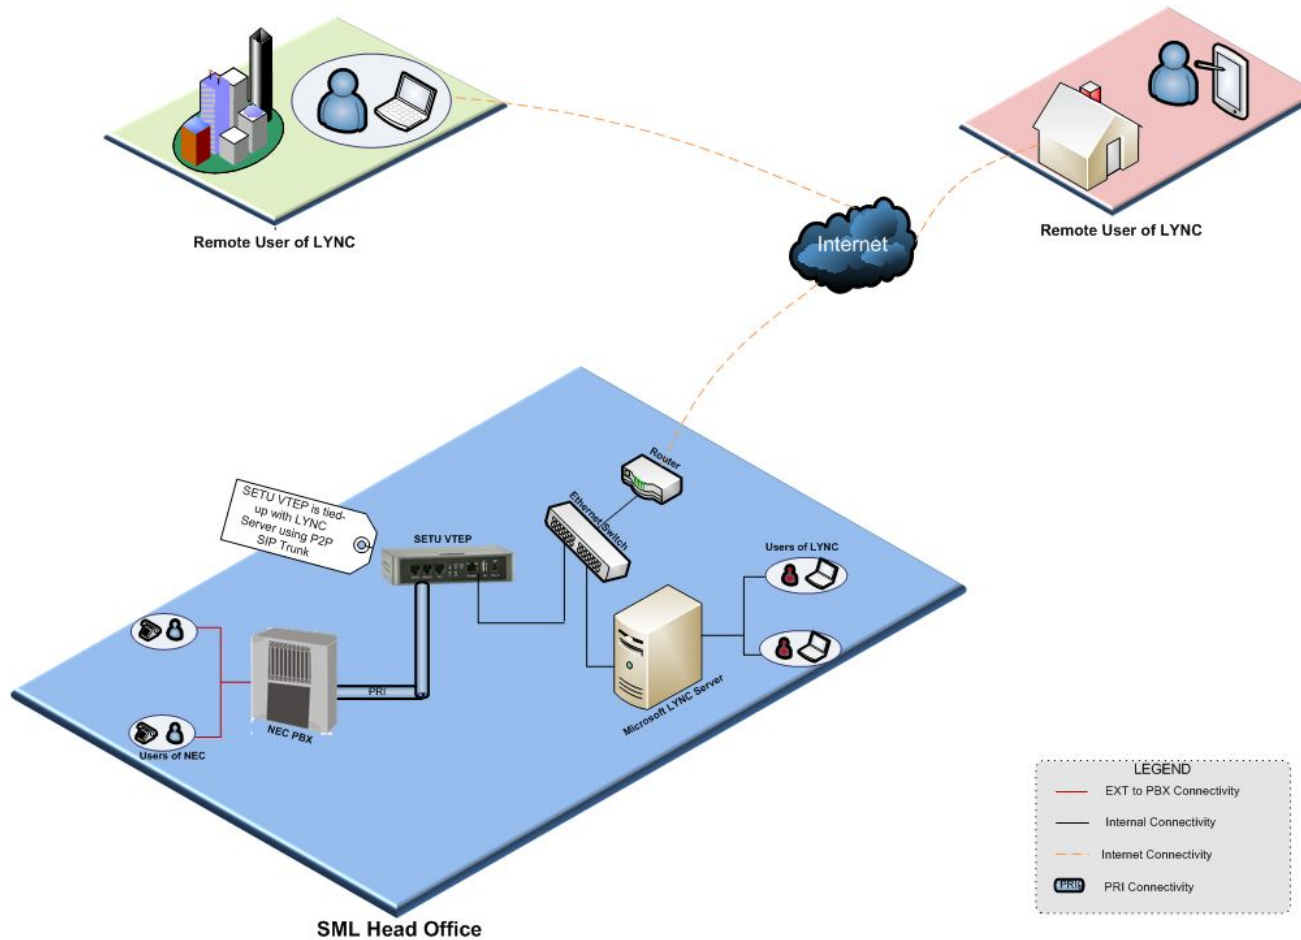

APPLICATION SCENARIO

WELLNESS FOREVER STORE LOCATIONS IN MUMBAI & PUNE

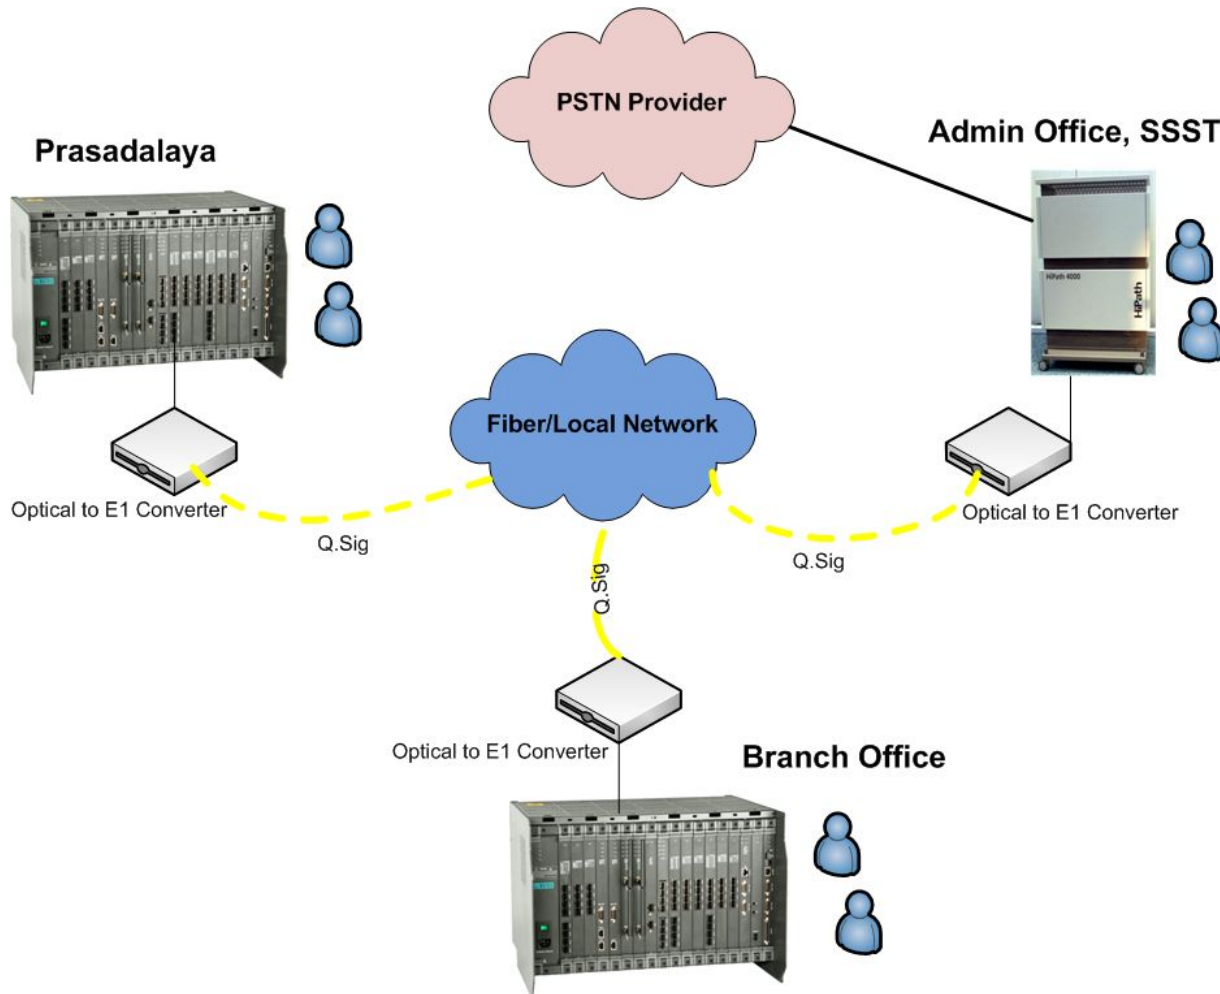

- In-Store Voice & Data Communications
- Android / iPhone Softphone for Sales / Admin / IT Staff
- Site-to-Site IP Telephony
- Site-to-Site IPsec VPN
- Remote Video Surveillance Access
