PROJECT HIGHLIGHTS

- **Application:** Time-Attendance
- **Users:** 1,000+
- **Locations:** 3 (Uttar Pradesh, India)
- **Reader:** Fingerprint (with Sensor)
- **Industry:** Education

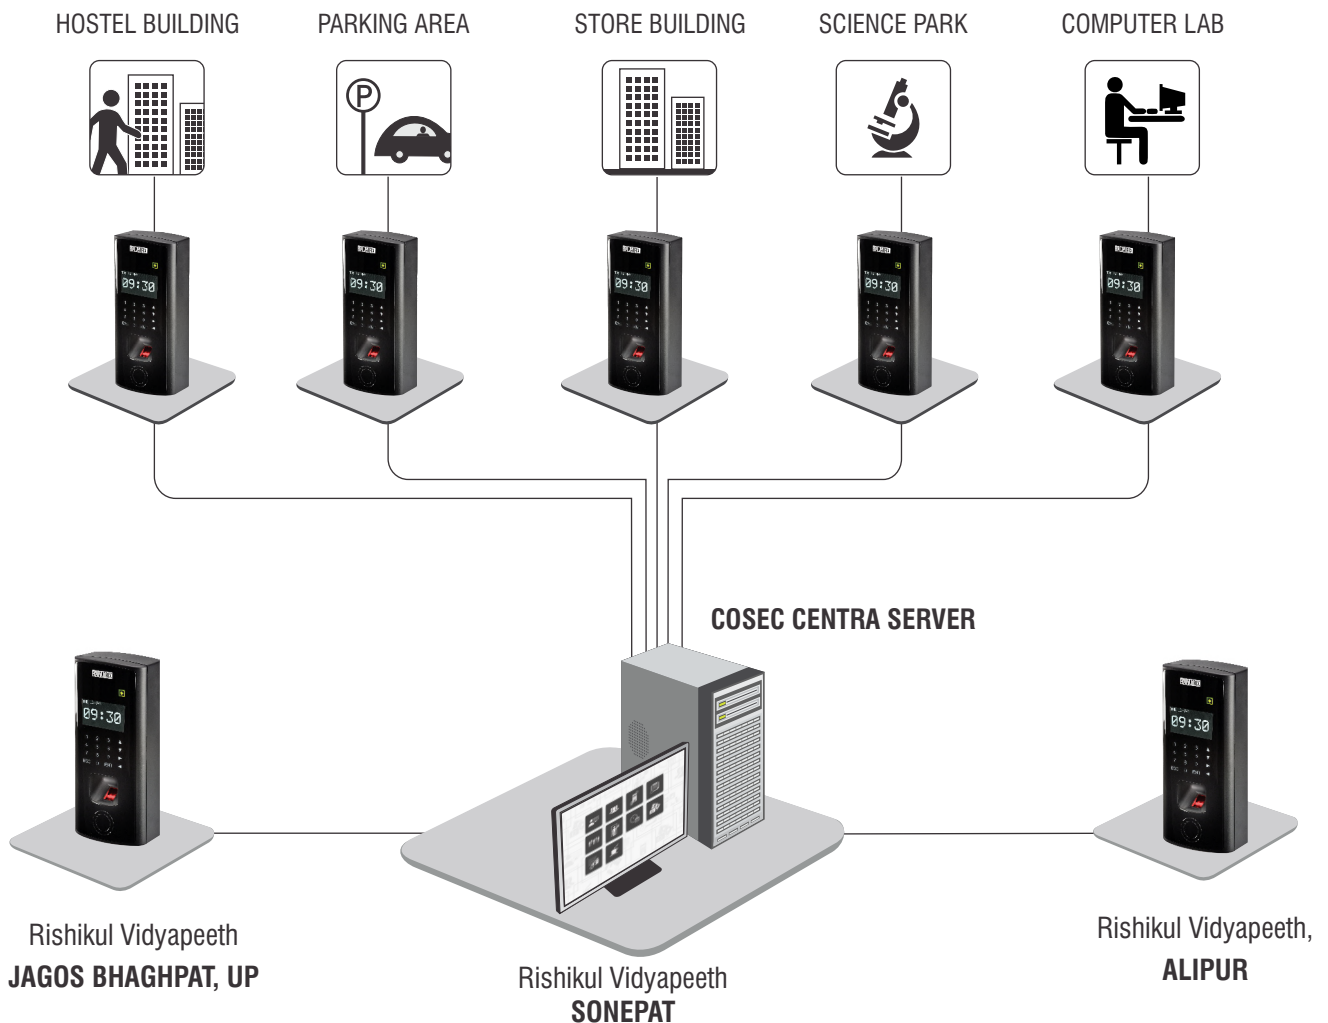

BUSINESS CHALLENGE

Managing staff attendance from a central place has been a major challenge for the organization. The Institute was looking for a comprehensive time-attendance solution for tracking the staff movement at different locations from a central place. Moreover, they also needed instant SMS notifications for events like missing in/out punch, attendance summary to have a thorough check.

MATRIX OFFERING

Matrix has offered a comprehensive Time-Attendance solution for managing attendance and tracking staff movement from a central location. Matrix has installed ten fingerprint based Time-Attendance terminals at three different locations. All these devices are connected via LAN with the COSEC CENTRA server installed at Rishikul Vidyapeeth, Sonapat. HR can track attendance of whole staff from a central location and can generate different types of customized reports in different file formats. For their instant SMS notification requirement, Matrix has integrated COSEC CENTRA server with SMS web server. Hence users are updated instantly on different events like missing in/out punch, attendance summary, as it occurs.

SOLUTION DIAGRAM

RESULT

Efficient Time-Attendance Management
Improved Accuracy in Attendance Calculation with SMS Notification
Appropriate User Database Management
Centralized Monitoring and Control
Increased Productivity
Customized Reports as and when Required

PRODUCTS

COSEC DOOR FOT	Optical Fingerprint and Card based Time-Attendance Terminal
COSEC LE PLATFORM	Application Server for 1,000 Users
